**I have chosen the following Graduation Track:** check the box next to your chosen diploma track

- TOPS University:** ensures students have taken the courses that are aligned with 4-year university admissions requirements and the Louisiana TOPS Scholarship.
- Jump Start TOPS Tech:** ensures students have earned a career ready certification and taken coursework aligned with the requirements of the Louisiana TOPS Tech Scholarship Program. Students will have the opportunity to continue their education through community college and technical schools or enter the workforce.

Jump Start Concentrations at RHS:

- Health Sciences (CNA, First Responder)
- Business Management
- Agriculture, Construction and Manufacturing

\*\*\*\*Please see the course section guide for the current Louisiana TOPS Scholarship requirements.\*\*\*\*

**Students must register for seven (7) credits that are aligned with their chosen diploma track.** All students must include two (2) alternate elective course selections. Do not register for courses designated for students above your grade level or that require a prerequisite that you have not taken.

Parents and students should read the Course Selection Guide in its entirety before making course selections. It is important that careful consideration be given to course selections as schedule changes will be made for the following reasons only:

- To correct errors
- To make proper adjustments for graduation purposes
- To avoid taking a class previously passed
- To accommodate verifiable extenuating circumstances
- To meet course prerequisites
- To accommodate verifiable health reasons
