

July 30, 2024

After serving as Head of School at Cedar Creek School for the past three years, Cindy Hampton has decided to follow her heart and return to the classroom. This decision comes from Mrs. Hampton's passion for direct student engagement and her desire to contribute more closely to our students' academic growth and development. Mrs. Hampton served as the Science Department Head, Assistant Principal of Academics, and Curriculum Coordinator prior to being named the Head of School. Mrs. Hampton's prior experience and knowledge will allow her to positively impact our students through direct instruction and mentorship. In addition, Mrs. Hampton will also continue to help the administration with curriculum and faculty development.

"It has been my privilege and joy to lead Cedar Creek School and to work so closely with our talented faculty and staff. Now, I am equally excited about moving back into the classroom where I can interact even more directly with our students," said Mrs. Hampton.

According to Connie Bradford, School President, "Over the years, Mrs. Hampton has played a major role in establishing our reputation for academic excellence, both as a teacher and administrator, and with her knowledge and experience I am extremely excited to have her back in the classroom once again as she leads such a critical area of our college prep academic program. She is an integral part of the team we have put together here at Cedar Creek as we strive to help our students identify their strengths and reach their potential."

The Board of Directors and Mrs. Bradford wish to express their sincere thanks to Mrs. Hampton for her service as Head of School, and they are thankful that she will continue to be a tremendous resource to Cedar Creek School in the classroom.

The Cedar Creek Board of Directors has named Connie Bradford to serve as "Acting Head." We are fortunate to have a President with Mrs. Bradford's experience and expertise, and we are confident that her leadership will result in continued excellence and growth in the future. Thank you for your support.

Lomax Napper
Chairman of the Board of Directors
